City of Cannon Beach
ATTN: Jim Arndt, Public Works Director
PO Box 368
Cannon Beach, OR 97110

SUBJECT: Water Management and Conservation Plan Five-Year Progress Report

Dear Mr. Arndt:

Thank you for submitting the City of Cannon Beach's (City) Water Management and Conservation Plan (WMCP) Five-Year Progress Report on March 30, 2018. It was a pleasure to review the detailed and thorough accounting of accomplishments and improvements made in the management and conservation of water by City over the past several years.

As you know, the Oregon Water Resources Department (Department) published notice of receipt of the progress report on the Department's public notice dated April 10, 2018. The public notice initiated a 30-day public comment period on the City's WMCP Five-Year Progress Report. No public comments were received as a result of the public notice.

The Department's review of the City's WMCP Five-Year Progress Report on the implementation of its WMCP did not reveal any deficiencies. Therefore, no further action related to the City's progress report is needed.

The next requirement related to the City's approved WMCP calls for the submittal of an updated WMCP to the Department by **October 1, 2020**.

The Department recognizes and appreciates the efforts of the City to continue the cooperative management of water supplies in the region. We look forward to the next chapter as the City strives to maintain efficient water use through continued implementation of a multitude of conservation measures.

Please contact me by telephone at (503) 986-0883 or by e-mail at Chris.C.Kowitz@oregon.gov if I may be of any assistance, now or in the future.

Sincerely,

Chris Kowitz
Water Management and Conservation Analyst
