

Community Emergency Response Team (CERT)

About Us

The Community Emergency Response Team (CERT) Program educates people about disaster preparedness for hazards that may impact their area and trains them in basic disaster response skills, such as fire safety, light search and rescue, team organization, and disaster medical operations. Using the training learned in the classroom and during exercises, CERT members can assist others in their neighborhood or workplace following an event when professional responders are not immediately available to help. CERT members also are encouraged to support emergency response agencies by taking a more active role in emergency preparedness projects in their community.

[CERT/ MRC Mock "Tornado" Drill - 4/29/2017](#)

Cannon Beach CERT and MRC members joined together for a mock “tornado” drill in Cannon Beach.

There were around 40 people in attendance including instructors and “victims”.

It was a great training that included refresher training in medical, extrication and cribbing, and search and...

CERT / MRC Emergency "Mash Unit" Tent Dry-Run - 6/19/2020

On June 19th, 2020 The City of Cannon Beach MRC (Medical Reserve Corp) and the CERT (Community Emergency Response Team) conducted a dry-run on erecting the new "Mash Unit" tent that will be used by the MRC team during emergency events. Not bad for a first run at putting this Big-Bad-Boy up! Job...

2020 - 2021 EM Volunteer Teams Recognition

The City of Cannon Beach Emergency Management volunteer teams were very active during the 2020-2021 COVID-19 pandemic. Without their dedication to the community, we would not have the type of caring and skilled response we currently enjoy. They are the best any of us could hope for, and more...
